

# **November 7-9, 2024**

## **Messe Wien**

**45<sup>th</sup> specialist educational trade fair for teaching aids, equipment, culture and sport - from infant pedagogics to creative learning and supplementary adult education**

[interpaedagogica.at](https://www.interpaedagogica.at)

Interpädagogica is Austria's only trade fair for education and is always kept up to date. 2024 for the 45<sup>th</sup> time!

## **Education from A-Z**

Education in all its facets – this is what you can experience in a comprehensible way at the Interpädagogica.

We offer a full choice of products for teachers and educators.

## **Our network**

Exhibitors, politicians, stakeholders, teachers, educators and many more – personal contact is key for successful networking.

## **Lecture program = advanced learning**

For many years now the Austrian Federal Ministry of Education acknowledges the Interpädagogica's lecture program as advanced training for teachers.

## **Roadshow**

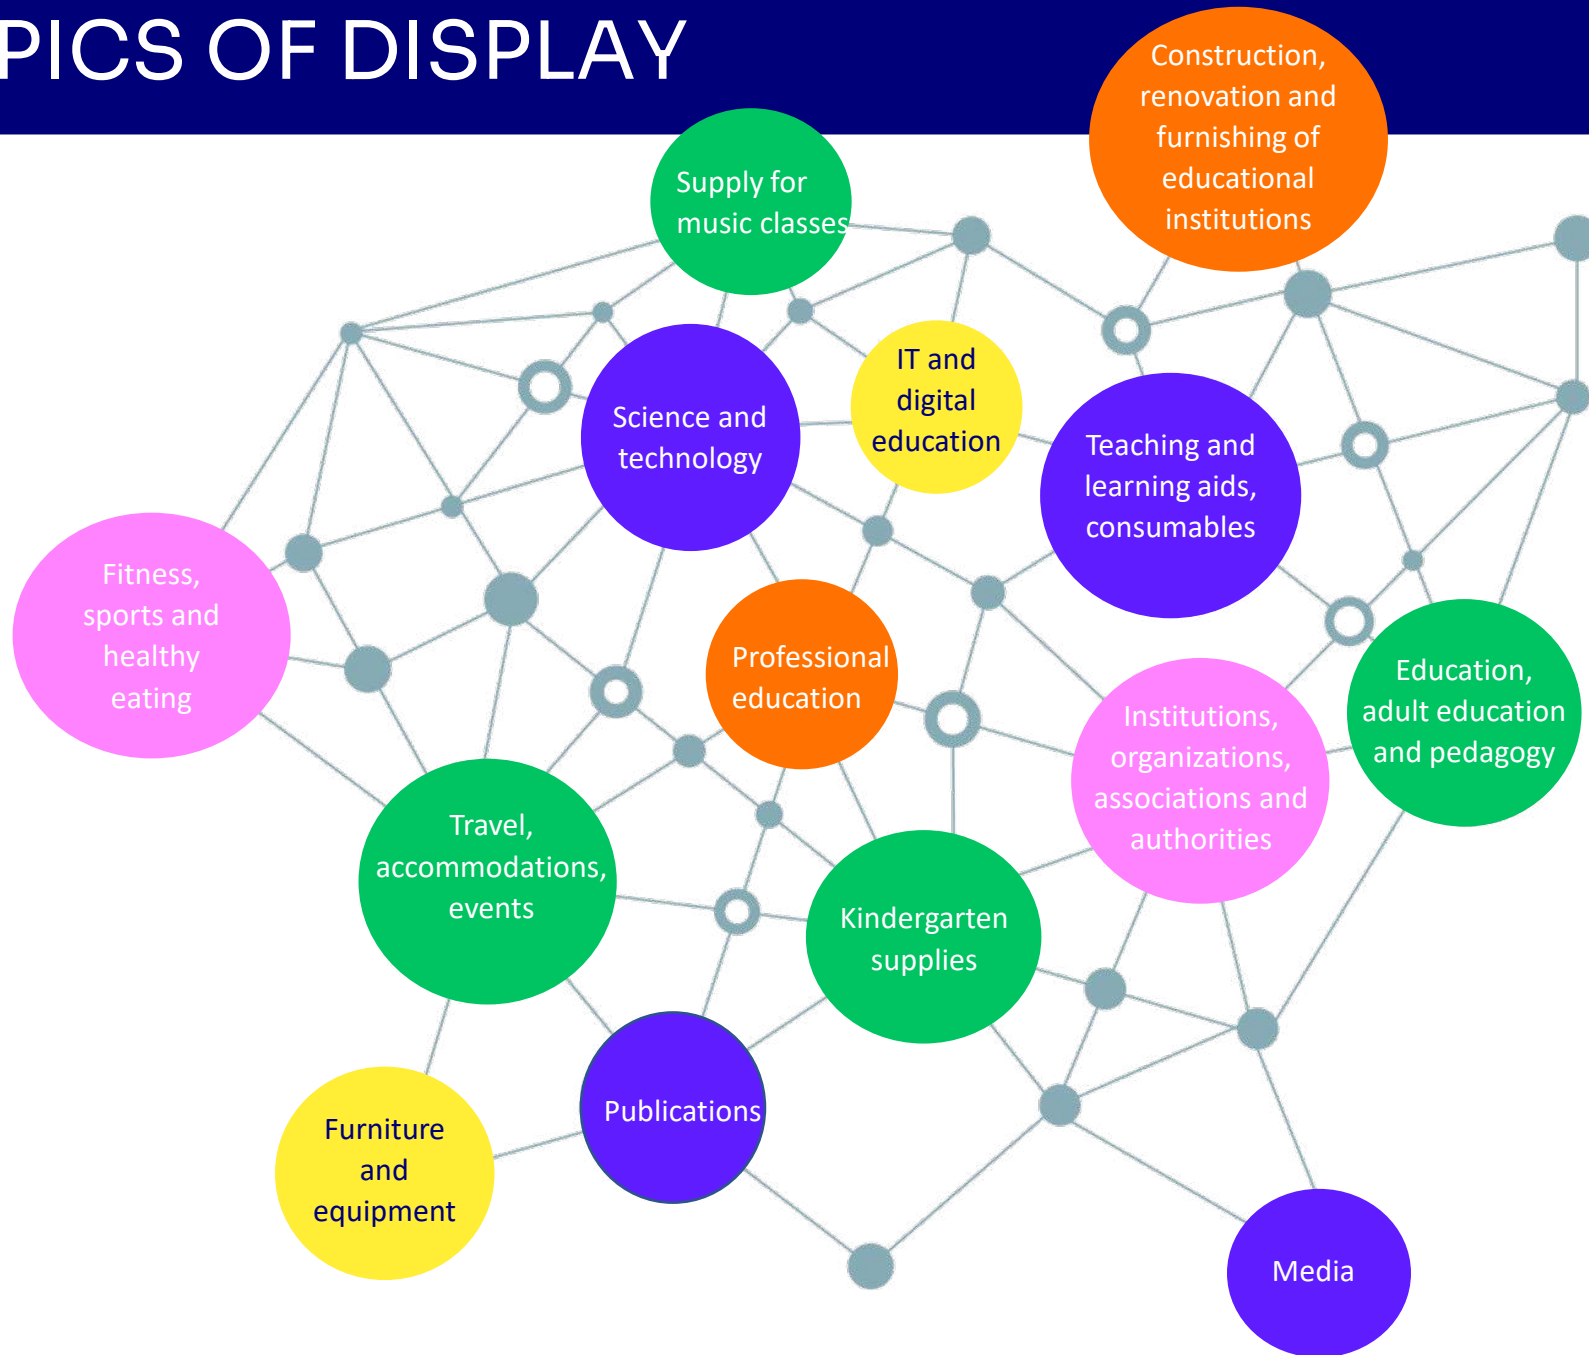

You can find the Interpädagogica where its audience is: alternating between Vienna, Linz, Graz and Salzburg.

## **45 years Interpädagogica**

The Interpädagogica is the most important hub for education in Austria.

We always have the finger on the pulse of time!

# TOPICS OF DISPLAY

Teachers, educationalists and trainers of all kinds of schools – from kindergarten to university

Principals and administrators of schools, educational institutions, kindergartens, after-school care centers, nurseries and children's homes

**+180 exhibitors**

**12 196 visitors**

**82,2% of survey participants were  
satisfied or very satisfied with  
Interpädagogica 2023**

**94,8% would  
recommend the visit  
of Interpädagogica**

**Interpädagogica's diverse training program includes panels, workshops, lectures and seminars for various target groups. The program is supported by the Federal Austrian Ministry of Education, Science and Research, which acknowledges the lecture program as further education for teachers and educators.**

## **Austrian Educational Infrastructure Day (BIT = Bildungsinfrastrukturtag)**

The Austrian Educational Infrastructure Day focuses on construction, renovation, furnishing and equipping institutions. Participants from municipal and communal administrations from all over Austria discuss the main aspects of constructing, renovating and maintaining kindergarten and school buildings.

## **Studio4i**

The synergy of modern equipment and styles of teaching can be experienced by partaking in workshops and live classes: interactive and guided by experts. The concept of studio4i was created together with the association „BildungOnline“.

## **Principles of online teaching symposium (eEducation Didaktik Fachtagung)**

Teachers and educators have the possibility to learn how digital devices can contribute to classes. The goal is to gain added value for students. The symposium is organized by eEducation Austria.

## **Early childhood education symposium (Elementarpädagogische Fachtagung)**

The publisher „Unsere Kinder“ presents current topics together with experts from the field. The findings will contribute to the pedagogic work of principals and administrators of educational institutions, teachers and students to become educators.

## **Gained in practice, for use in practice**

Lectures and workshops from various fields of interests enhance the trade fair's offer in an ideal way to guarantee an additional benefit for the visitors. The lecture program has been a treasured part of Interpädagogica for many years now.

**Multifunctional | modern | sustainable | accessible**

Interpädagogica 2024 is held from November 7<sup>th</sup> to 9<sup>th</sup> at Messe Wien.
